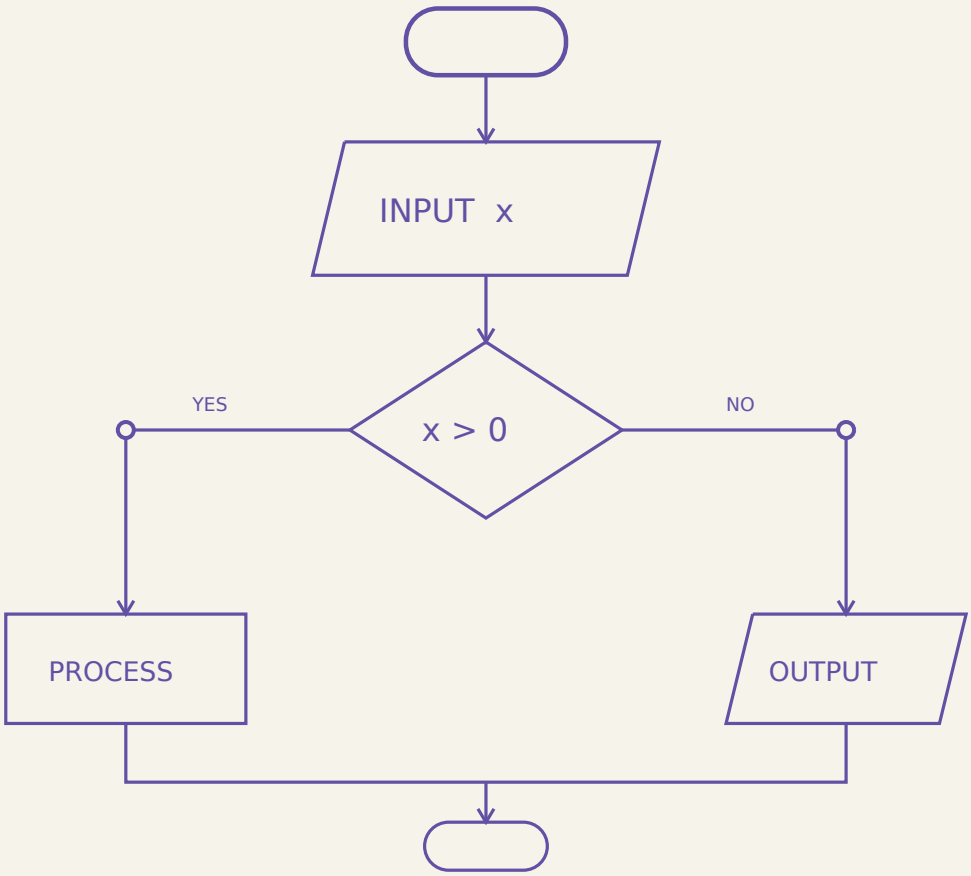
Mock Exam Papers

PAPER 1 + PAPER 2

10 sets of questions



MOCK EXAM PRACTICE | 10 SETS

Computer systems, algorithms, programming and logic

Paper 1 + Paper 2 / Combined examination practice

MOCK EXAM PAPERS / PAPER 1 + PAPER 2

Practise under pressure. Prepare with confidence.

Bring your revision together with 10 mock question sets combining Paper 1 and Paper 2. Use each set to practise complete responses and build a consistent examination routine.

INSIDE THIS VOLUME

1. **10 combined mock sets**

   Each set brings together Paper 1 and Paper 2 questions.

2. **Paper 1 - Computer systems**

   Practise applying knowledge and explaining key concepts.

3. **Paper 2 - Algorithms, programming and logic**

   Practise problem-solving, programming and logical reasoning.

4. **A complete practice routine**

   Attempt a set, review your progress and identify topics to revisit.
